PROFESSIONAL SUMMARY

Information Technology undergraduate (B.Tech, Class of 2027) with hands-on experience in full-stack development, RESTful API design, and database management across MySQL, MongoDB, and PostgreSQL. Proficient in Python, SQL, JavaScript, and Java, with practical exposure to AWS cloud services and the end-to-end software development lifecycle. Co-author of a peer-reviewed paper on smart traffic management systems, published in the International Journal of Computer Techniques (2026).

EDUCATION

Sathyabama Institute of Science and Technology, Chennai 2023 – 2027 (Expected)

Bachelor of Technology (B.Tech), Information Technology

CGPA: 7.27 / 10

TECHNICAL SKILLS

Programming Languages: Python, SQL, JavaScript, Java

Databases: MySQL, MongoDB, PostgreSQL

Cloud & Tools: AWS, Git/GitHub, VS Code, Excel

Core Concepts: RESTful API Design, Database Management, Data Structures & Algorithms, Cloud Computing

PROJECTS

OneHood – Hyperlocal Community Chatboard

- Built a community-focused platform enabling users to connect, communicate, and share content within local neighborhoods
- Designed and implemented RESTful APIs for user authentication and content management, backed by a MongoDB data layer
- Implemented secure user login and real-time messaging/interaction features, supporting active users

AmbuClear – Smart Traffic Solution

- Designed an IoT-based traffic management system to prioritize emergency-vehicle routing using real-time GPS location monitoring
- Built a real-time data pipeline (ESP32, Flutter, Python, cloud services) to process traffic and vehicle data for dynamic route optimization across test vehicles
- Co-authored a peer-reviewed research paper based on this project

EXPERIENCE

Full Stack Development Intern — Embrizon Technologies Jun 2024 – Aug 2024

- Developed and maintained web application features across the frontend and backend using modern development frameworks
- Built and integrated backend services and database operations to support application data flows

CERTIFICATIONS

- Oracle Cloud Infrastructure 2024 Certified Foundations Associate
- SQL and Relational Databases 101 (DB0101EN) — IBM
- MATLAB Onramp — MathWorks
